

# ATLANTIC SHORES

Rehabilitation and Health Center

For Fiscal Year Ended June 30, 2018

Kathleen K. McGuiness, RPh, CFE **Delaware State Auditor** 

# Atlantic Shores Rehabilitation and Health Center Long-Term Care Facility Fiscal Year Ended June 30, 2018

What Was Performed? An examination of the Atlantic Shores Rehabilitation and Health Center's fiscal records of the Delaware Department of Health & Social Services, Division of Medicaid and Medical Assistance, Medicaid Long-Term Care Facilities' Statement of Reimbursement Costs for Skilled and Intermediate Care Nursing Facilities – Title XIX and Nursing Wage Survey (cost report and nursing wage survey, respectively) for fiscal year ended June 30, 2018.

**Why This Engagement**? This engagement was conducted in accordance with federal requirements (42 CFR 447.253 and 483 Subpart B) and state requirements (Title XIX Delaware Medicaid State Plan, Attachment 4.19D) (criteria), as applicable to the Atlantic Shores Rehabilitation and Health Center's fiscal records. The criteria were used to prepare the Schedule of Adjustments to the Trial Balance, Patient Days, and Nursing Wage Survey for fiscal year ended June 30, 2018.

The State of Delaware is required to ensure that the fiscal records at the nursing care facilities are retained and properly support the cost report, or the financial report showing the cost and charges related to Medicaid activities, submitted to the Medicaid Agency. These costs must be compliant with federal and state regulations. Under the Delaware Medicaid State Plan, the state is required to examine a sample of facilities located within the state to ensure the facilities' cost reports and nursing wage surveys are compliant with federal and state requirements.

**What Was Found?** It is my pleasure to report that there were no findings identified and the Atlantic Shores Rehabilitation and Health Center Long-Term Care Facility complied, in all material respects, with the criteria mentioned above.

The Atlantic Shores Rehabilitation and Health Center Long-Term Care Facility Examination for Fiscal Year ended June 30, 2018, can be found <a href="https://example.com/here.">here.</a>

For any questions regarding the attached report, please contact State Auditor Kathleen K. McGuiness at Kathleen.Mcguiness@delaware.gov.

#### **Independent Accountant's Report**

State of Delaware
Office of Auditor of Accounts
401 Federal Street
Dover, DE 19901

Department of Health and Social Services Division of Medicaid and Medical Assistance Medicaid's Long Term Care Facilities 1901 N. Dupont Highway, Lewis Building New Castle, DE 19720

Provider: Atlantic Shores Rehabilitation and Health Center

Period: Fiscal Year Ended June 30, 2018

We have examined management's assertions that Atlantic Shores Rehabilitation and Health Center (Provider) has complied with federal requirements (42 CFR 447.253 and 483 Subpart B) and state requirements (Title XIX Delaware Medicaid State Plan, Attachment 4.19D) (criteria), as applicable, relative to the provider's fiscal records of the Department of Health and Social Services (DHSS), Division of Social Services, Medicaid Long-Term Care Facilities' Statement of Reimbursement Costs for Skilled and Intermediate Care Nursing Facilities – Title XIX and Nursing Wage Survey (cost report and survey, respectively) for the fiscal year ended June 30, 2018. The provider's management is responsible for the assertions and the information contained in the cost report and survey, which were reported to DHSS for purposes of the criteria described above. The criteria was used to prepare the Schedule of Adjustments to the Trial Balance, Patient Days, and Nursing Wage Survey. Our responsibility is to express an opinion on the assertions based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Governmental Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertions are in accordance with the criteria in all material respects. An examination includes performing procedures to obtain evidence about management's assertions. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertions, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

The accompanying Schedule of Adjustments to the Trial Balance, Patient Days, and Nursing Wage Survey were prepared from information contained in the provider's cost report for the purpose of complying with the DHSS's requirements for the Medicaid program reimbursement, and is not intended to be a complete presentation in conformity with accounting principles generally accepted in the United States of America.

In our opinion, except for the items listed as adjustments on the accompanying Schedule of Adjustments to the Trial Balance, Patient Days, and Nursing Wage Survey for the period cited, management's assertions referred to above presented in accordance with the criteria, in all material respects.

In accordance with *Government Auditing Standards*, we also issued our report dated June 14, 2022 on our consideration of the Provider's internal control over reporting for the cost report and survey and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting and compliance. That report is an integral part of an examination performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our examination.

This report is intended solely for the information and use of the State of Delaware Office of Auditor of Accounts, the Department of Health and Social Services, Division of Medicaid and Medical Assistance, and Medicaid's Long Term Care Facilities and is not intended to be and should not be used by anyone other than the specified parties. However, under 29 Del. C. §10002, this report is public record and its distribution is not limited. This report, as required by statute, was provided to the Office of the Governor, Office of the Controller General, Office of the Attorney General, and Office of Management and Budget.

# Atlantic Shores Rehabilitation & Healthcare Resident Fund and General Commentary for the Fiscal Year Ending June 30, 2018

#### Commentary

- 1) The provider was not able to support three of the five sampled resident fund disbursements.
- 2) The provider did not pay two invoices within the required time period of one year to be allowed in the cost report period under review. The expense was confirmed paid as of 12/2019 which would be allowable in the 2020 cost report year.
- 3) The provider was not able to explain sampled accounts receivable credit balances.

Independent Accountant's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Examination of Financial Statements Performed in Accordance With *Government Auditing Standards* 

State of Delaware Office of Auditor of Accounts 401 Federal Street Dover, DE 19901 Department of Health and Social Services
Division of Medicaid and Medical Assistance
Medicaid's Long Term Care Facilities
1901 N. Dupont Highway, Lewis Building
New Castle, DE 19720

We have examined management's assertions that Atlantic Shores Rehabilitation and Health Center (Provider) has complied with federal requirements (42 CFR 447.253 and 483 Subpart B) and state requirements (Title XIX Delaware Medicaid State Plan, Attachment 4.19D), as applicable, relative to the Provider's fiscal records of the Department of Health and Social Services (DHSS), Division of Social Services, Medicaid Long-Term Care Facilities' Statement of Reimbursement Costs for Skilled and Intermediate Care Nursing Facilities – Title XIX and Nursing Wage Survey (cost report and survey, respectively) for the fiscal year ended June 30, 2018, and have issued our report thereon dated June 14, 2022. We conducted our examination in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to financial examinations contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America.

#### **Internal Control Over Reporting**

In planning and performing our examination, we considered the Provider's internal control over financial reporting in order to determine our examination procedures for the purpose of expressing our opinions on management's assertions, but not for the purposes of expressing an opinion on the effectiveness of the Provider's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Provider's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the cost report or survey will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Provider's cost report and survey are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of reported amounts. However, providing an opinion on compliance with those provisions was not an objective of our examination, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Provider's internal control or on compliance. This report is an integral part of an examination performed in accordance with *Government Auditing Standards* in considering the Provider's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended solely for the information and use of the State of Delaware Office of Auditor of Accounts, the Department of Health and Social Services, Division of Medicaid and Medical Assistance, and Medicaid's Long Term Care Facilities and is not intended to be and should not be used by anyone other than the specified parties. However, under 29 Del. C. §10002, this report is public record and its distribution is not limited. This report, as required by statute, was provided to the Office of the Governor, Office of the Controller General, Office of the Attorney General, and Office of Management and Budget.
