Dear Mr. Perillo and Ms. Warner:

Once again I am very pleased to present the Delaware Volunteer Fire Service Annual Report. Delaware’s volunteer fire service program is, and always has been, a tremendous asset to Delawareans. The program demonstrates the pride and support of many volunteers, both the firefighters and the auxiliary members.

A volunteer’s time includes fire responses, training, public education efforts, vehicle maintenance, station upkeep, and many other contributions. As the following report details, these volunteers not only sacrifice their time and energy, but they also save the State taxpayers a significant amount of money. My Office estimates a savings of more than $218,000,000 for the State’s fiscal year ending June 30, 2018.

These individuals voluntarily put their lives on the line to provide the citizens of Delaware with a safer and more secure community. I would like to express my deep appreciation for the men and women providing these services to their respective communities.

Sincerely yours,

R. Thomas Wagner, Jr., CFE, CGFM, CICA

Background

The State of Delaware has 60 volunteer fire companies, 21 substations and 3 ambulance stations with approximately 6,000 volunteers serving as firefighters, Emergency Medical Technicians (EMT), or support members (e.g. life, auxiliary, juniors, cadets, and social). ¹

The State of Delaware offers a variety of benefits to recognize volunteer firefighters, auxiliary members, and EMTs for the sacrifices they make through their volunteer services. The benefits include:

- a $400 tax credit on State personal income taxes each year;
- membership in the Delaware Blood Bank;
- participation in a pension plan;²
- worker’s compensation for disabilities received in the line of duty;
- a special “Delaware Volunteer Firefighter’s License Plate” for personal vehicles; and
- membership in the Delaware Federal Credit Union.

In the unfortunate event that a service member suffers a death in the line of duty, further benefits include:

- reimbursement for funeral expenses, up to $7,000;
- life insurance payments of $150,000 for deaths in the line of duty; and
- reimbursement for college tuition expenses for dependent children.

Volunteer Fire Service and Ambulance Training

The Delaware State Fire School, under the guidance of the State Fire Prevention Commission, provides fire, rescue, emergency medical training, and public fire safety education to the fire and rescue service, as well as to industry and citizens of our State. Instructors conduct training sessions in both classroom settings and simulated facilities using actual conditions at three regional training centers, one located in each county.

During Fiscal Year 2018, the Delaware State Fire School trained 10,139 students in Fire and Rescue and 5,557 in Emergency Medical Services.

17 Obtained From the Delaware State Fire School.
Thankfully, no firefighters were lost in the line of duty through June 30, 2018. This is a direct reflection on the quality of training provided to firefighters and other fire service volunteers.
