

State of Delaware
Office of Auditor of Accounts
Kathleen K. McGuiness, CFE, RPh
State Auditor

Greetings,

Due to the recent COVID-19 outbreak in Delaware, I have made the decision to postpone all school construction management until a later date. I know that you already have your hands full. We will be onsite at a later date and will notify you well in advance once this crisis passes.

For those school districts, charters and technical schools selected for the background checks performance audit, please disregard my recent letter of engagement. We will be following the Governors recommended schedule and will be in touch and notify you well in advance when we will be resuming this particular work.

Thank you for your ongoing efforts to keep students, teachers and staff healthy.

I wish you all wellness and safety.

Thank you,

Kathleen McGuiness, RPh, CFE
Delaware State Auditor

A handwritten signature in blue ink that reads "Kathy McGuiness".
